16 BE IT ENACTED BY THE PEOPLE OF THE STATE OF WASHINGTON:

17 INTRODUCTION

NEW SECTION. **Sec. 1.** It is the intent of the people to reaffirm their support for public parks and recreation as vital services provided by both state and local government, independently and collaboratively, and frequently in cooperation with the federal government, the tribes, and private entities. The people find that the subject of public parks and recreation is a single subject, as the efforts made by state and local governments to preserve, provide, perpetuate, and protect public park and recreation facilities, services, users, and staff necessarily overlap and commingle, and an effective effort to address the public park and recreation needs of the state of Washington must necessarily address the spectrum of effort from local, to regional, to state-wide focus. The program put forth by the people to address public parks and recreation for the benefit of the people necessarily addresses, as separate facets of a unitary whole, many interrelated aspects of the single state and local program for public parks and recreation established as public policy for the state of Washington and its subordinate political units.

PART ONE

PRESERVING PUBLIC PARKS AND RECREATION

NEW SECTION. **Sec. 101.** The people find that lands and facilities that have been, or will be, committed to public park use and recreation activities are a precious resource and are often difficult, if not impossible, to replace. The people note that many of our most significant park and recreation resources were donated, and are both an inheritance from our predecessors and an obligation upon the people to preserve for our posterity. The people further note the wealth our older communities enjoy in possessing fine public park and recreation facilities donated from territorial days to the modern era, and the struggle facing newer communities as they strive to match these resources to meet their emerging needs. The people finally note that many interests see public parklands and recreational resources as something to be exploited for other purposes, often without adequate consideration of alternatives and without due regard for the value of the public park and recreation resource. The people declare that it is the public policy of the state of Washington, governing all agencies of the state and its political subdivisions, that publicly owned lands and facilities committed to park and recreation use shall not be alienated

1 from that use without the unanimous consent of the governing or
2 legislative body into whose care the land or facility has been
3 committed through fee ownership, lease, easement, or any other vehicle
4 of conveyance, unless another statute explicitly provides for a lesser
5 standard for alienation of publicly owned land or facilities from park
6 and recreation use.

7 NEW SECTION. **Sec. 102.** A new section is added to chapter 35.21
8 RCW to read as follows:

9 The legislative authority of any city or town is the sole and final
10 determiner in accordance with applicable statutes as to the public
11 necessity for alienating from park and recreation use any publicly
12 owned lands committed into its care and dedicated to park and
13 recreation use.

14 NEW SECTION. **Sec. 103.** A new section is added to chapter 35.61
15 RCW to read as follows:

16 The commission is the sole and final determiner in accordance with
17 applicable statutes as to the public necessity for alienating from park
18 and recreation use any publicly owned lands committed into its care and
19 dedicated to park and recreation use.

20 NEW SECTION. **Sec. 104.** A new section is added to chapter 36.68
21 RCW to read as follows:

22 The legislative authority of any county is the sole and final
23 determiner in accordance with applicable statutes as to the public
24 necessity for alienating from park and recreation use any publicly
25 owned lands committed into its care and dedicated to park and
26 recreation use.

27 NEW SECTION. **Sec. 105.** A new section is added to chapter 36.68
28 RCW under the subchapter heading "park and recreation service areas" to
29 read as follows:

30 The governing body of any park and recreation service area is the
31 sole and final determiner in accordance with applicable statutes as to
32 the public necessity for alienating from park and recreation use any
33 publicly owned lands committed into its care and dedicated to park and
34 recreation use.

1 NEW SECTION. **Sec. 106.** A new section is added to chapter 36.69
2 RCW to read as follows:

3 The park and recreation district board of commissioners is the sole
4 and final determiner in accordance with applicable statutes as to the
5 public necessity for alienating from park and recreation use any
6 publicly owned lands committed into its care and dedicated to park and
7 recreation use.

8 **Sec. 107.** RCW 77.12.220 and 2000 c 107 s 219 are each amended to
9 read as follows:

10 For purposes of this title, the commission may make agreements to
11 obtain real or personal property or to transfer or convey property held
12 by the state to the United States or its agencies or instrumentalities,
13 units of local government of this state, public service companies, or
14 other persons, if in the judgment of the commission and the attorney
15 general the transfer and conveyance is consistent with public interest.
16 For purposes of this section, "local government" means any city, town,
17 county, special district, municipal corporation, or quasi-municipal
18 corporation.

19 If the commission agrees to a transfer or conveyance under this
20 section or to a sale or return of real property under RCW 77.12.210,
21 the director shall certify, with the attorney general, to the governor
22 that the agreement has been made. The certification shall describe the
23 real property. The governor then may execute and the secretary of
24 state attest and deliver to the appropriate entity or person the
25 instrument necessary to fulfill the agreement.

26 The commission is the sole and final determiner in accordance with
27 applicable statutes as to the public necessity for alienating from park
28 and recreation use any publicly owned lands committed into its care and
29 dedicated to park and recreation use.

30 **Sec. 108.** RCW 79A.50.080 and 1969 ex.s. c 247 s 1 are each amended
31 to read as follows:

32 In order to maximize outdoor recreation and other public park and
33 recreation opportunities for the people of the state of Washington and
34 allow for the full utilization of state owned land, all state
35 departments and agencies are authorized and directed to cooperate
36 together in fully utilizing the public lands. All state departments
37 and agencies, vested with statutory authority for utilizing land for

1 outdoor recreation, other public park and recreation, or other
2 beneficial public uses, are authorized and directed to apply to another
3 state department or agency holding suitable public lands for permission
4 of use. The department or agency applied to is authorized and directed
5 to grant permission of use to the applying department or agency if the
6 public use of the public land would be consistent with the existing and
7 continuing principal uses. Trust lands may be withdrawn for outdoor
8 recreation and other public park and recreation purposes from sale or
9 lease for other purposes by the department of natural resources
10 pursuant to this section subject to the constraints imposed by the
11 Washington state Constitution and the federal enabling statute. The
12 decision regarding such consistency with existing and continuing
13 principal uses shall be made by the agency owning or controlling such
14 lands and which decision shall be final.

15 **Sec. 109.** RCW 79A.05.135 and 1965 c 8 s 43.51.120 are each amended
16 to read as follows:

17 All state parks and parkways, subject to the provisions of this
18 chapter are set apart and dedicated as public parks and parkways for
19 the benefit and enjoyment of all the people of this state, and shall
20 not be alienated from park and recreation use or taken or considered
21 for other purposes by any agency of the state or its political
22 subdivisions, or by any private entity, without the prior unanimous
23 consent of the commission, unless otherwise explicitly provided by
24 statute referencing this section.

25 **Sec. 110.** RCW 79A.25.140 and 1967 ex.s. c 62 s 6 are each amended
26 to read as follows:

27 The committee for outdoor recreation shall make no commitment nor
28 enter into any agreement until it has determined that sufficient funds
29 are available to meet project costs. It is the legislative intent
30 that, to such extent as may be necessary to assure the proper operation
31 and maintenance of areas and facilities acquired or developed pursuant
32 to any program participated in by this state under authority of this
33 chapter, such areas and facilities shall be publicly maintained for
34 outdoor recreation purposes. When requested by a state agency or
35 public body, the committee may enter into and administer agreements
36 with the United States or any appropriate agency thereof for planning,
37 acquisition, and development projects involving participating federal-

1 aid funds on behalf of any state agency, public body, or subdivision of
2 this state: PROVIDED, That recipients of funds give necessary
3 assurances to the committee that they have available sufficient
4 matching funds to meet their shares, if any, of the cost of the project
5 and that the acquired or developed areas will be operated and
6 maintained at the expense of such state agency, public body, or
7 subdivision for public outdoor recreation use.

8 The committee shall, in compliance with section 101 of this act,
9 take such actions and make and enforce such conditions as it deems
10 necessary to preserve park and recreation use of publicly owned lands
11 dedicated to outdoor recreation and other public park and recreation
12 usages.

13 NEW SECTION. **Sec. 111.** A new section is added to chapter 8.28 RCW
14 to read as follows:

15 Whenever any land, real estate, premises, or other property owned
16 by the state of Washington or any political subdivision of the state
17 and dedicated to public park and recreation use shall be involved in or
18 affected by any eminent domain, condemnation, local improvement, or
19 other special assessment proceeding whatsoever, in addition to the
20 notices elsewhere provided by law, the officer or board required by law
21 to give notice of the proceedings shall first determine if the
22 proceedings are in accord with the public policy enunciated in section
23 101 of this act and in conformity with sections 102 through 106 of this
24 act and RCW 77.12.220, 79A.50.080, 79.08.1072, 79A.05.135, 79A.25.140,

32 involved in the proceeding or affected thereby, and the amount of the
33 proposed assessment.

34 **Sec. 112.** RCW 47.01.300 and 1994 c 258 s 4 are each amended to
35 read as follows:

36 The department shall, in cooperation with environmental regulatory
37 authorities and, when appropriate, park and recreation authorities:

1 **Sec. 113.** RCW 47.05.010 and 1993 c 490 s 1 are each amended to
2 read as follows:

3 The legislature finds that solutions to state highway deficiencies
4 have become increasingly complex and diverse and that anticipated
5 transportation revenues will fall substantially short of the amount
6 required to satisfy all transportation needs. Difficult investment
7 trade-offs will be required.

8 It is the intent of the legislature that investment of state
9 transportation funds to address deficiencies on the state highway
10 system be based on a policy of priority programming having as its basis
11 the rational selection of projects and services according to factual
12 need and an evaluation of life cycle costs and benefits and which are
13 systematically scheduled to carry out defined objectives within
14 available revenue.

15 The priority programming system shall ensure preservation of the
16 existing state highway system, provide mobility for people and goods,
17 support the state's economy, preserve and protect public park and
18 recreation facilities, and promote environmental protection and energy
19 conservation.

20 The priority programming system shall implement the state-owned
21 highway component of the state-wide multimodal transportation plan,
22 consistent with local and regional transportation plans, by targeting
23 state transportation investment to appropriate multimodal solutions
24 which address identified state highway system deficiencies.

25 The priority programming system for improvements shall incorporate
26 a broad range of solutions that are identified in the state-wide
27 multimodal transportation plan as appropriate to address state highway
28 system deficiencies including but not limited to highway expansion,
29 efficiency improvements, nonmotorized transportation facilities, high
30 occupancy vehicle facilities, transit facilities and services, rail
31 facilities and services, and transportation demand management programs.

32 **Sec. 114.** RCW 47.12.010 and 1977 ex.s. c 151 s 46 are each amended
33 to read as follows:

34 Whenever it is necessary to secure any lands or interests in land,
35 other than publicly owned lands dedicated to park and recreation use,
36 for a right of way for any state highway, or for the drainage thereof
37 or construction of a protection therefor or so as to afford
38 unobstructed vision therefor toward any railroad crossing or another

1 public highway crossing or any point of danger to public travel or to
2 provide a visual or sound buffer between highways and adjacent
3 properties or for the purpose of acquiring sand pits, gravel pits,
4 borrow pits, stone quarries, or any other land for the extraction of
5 materials for construction or maintenance or both, or for any site for
6 the erection upon and use as a maintenance camp, of any state highway,
7 or any site for other necessary structures or for structures for the
8 health and accommodation of persons traveling or stopping upon the
9 state highways of this state, or any site for the construction and
10 maintenance of structures and facilities adjacent to, under, upon,
11 within, or above the right of way of any state highway for exclusive or
12 nonexclusive use by an urban public transportation system, or for any
13 other highway purpose, together with right of way to reach such
14 property and gain access thereto, the department of transportation is
15 authorized to acquire such lands or interests in land in behalf of the
16 state by gift, purchase, or condemnation. In case of condemnation to
17 secure such lands or interests in land, the action shall be brought in
18 the name of the state of Washington in the manner provided for the
19 acquiring of property for the public uses of the state, and in such
20 action the selection of the lands or interests in land by the secretary
21 of transportation shall, in the absence of bad faith, arbitrary,
22 capricious, or fraudulent action, be conclusive upon the court and
23 judge before which the action is brought that said lands or interests
24 in land are necessary for public use for the purposes sought. The cost
25 and expense of such lands or interests in land may be paid as a part of
26 the cost of the state highway for which such right of way, drainage,
27 unobstructed vision, sand pits, gravel pits, borrow pits, stone
28 quarries, maintenance camp sites, and structure sites or other lands
29 are acquired. Whenever it shall seem necessary to secure any lands or
30 interests in land that are publicly owned lands dedicated to park and
31 recreation use, the secretary shall apply to the governing or
32 legislative body into whose care the lands have been committed, and the
33 governing or legislative body is the sole and final determiner in
34 accordance with applicable statutes as to the public necessity for
35 alienating the lands from park and recreation use.

30 (b) Moneys used for the purchase of the option agreement are from
31 (i) funds appropriated therefor, or (ii) funds appropriated for
32 undesignated land acquisitions, or (iii) funds deemed by the commission
33 to be in excess of the amount necessary for the purposes for which they
34 were appropriated; and

36 the option does not exceed the appraised value of the property.

37 (8) Cooperate with the United States, or any county or city of this
38 state, in any matter pertaining to the acquisition, development,
39 redevelopment, renovation, care, control, or supervision of any park or

5 The rate percent of all taxes for state and county purposes, and

29 regular property tax levies that are subject to the one percent
30 limitation exceeds one percent of the true and fair value of any
31 property, then these levies shall be reduced as follows: (a) The
32 portion of the levy by a metropolitan park district that is protected
33 under RCW 84.52.120 shall be reduced until the combined rate no longer
34 exceeds one percent of the true and fair value of any property or shall

36 levies that are subject to the one percent limitation still exceeds one
37 percent of the true and fair value of any property in the
38 unincorporated portion of a county, then the levy by a county under
39 section 210 of this act shall be reduced until the combined rate no

longer exceeds one percent of the true and fair value of any property or shall be eliminated; (ii) if the combined rate of regular property tax levies that are subject to the one percent limitation still exceeds one percent of the true and fair value of any property in a city, then the levy by a city under section 214 of this act shall be reduced until the combined rate no longer exceeds one percent of the true and fair value of any property or shall be eliminated; (c) if the combined rate of regular property tax levies that are subject to the one percent limitation still exceeds one percent of the true and fair value of any property, then the levies imposed under RCW 84.34.230, 84.52.105, and any portion of the levy imposed under RCW 84.52.069 that is in excess of thirty cents per thousand dollars of assessed value, shall be reduced on a pro rata basis until the combined rate no longer exceeds one percent of the true and fair value of any property or shall be eliminated; and ((+e)) (d) if the combined rate of regular property tax levies that are subject to the one percent limitation still exceeds one percent of the true and fair value of any property, then the thirty cents per thousand dollars of assessed value of tax levy imposed under RCW 84.52.069 shall be reduced until the combined rate no longer exceeds one percent of the true and fair value of any property or eliminated.

(2) The certified rates of tax levy subject to these limitations by counties levying under section 210 of this act, cities levying under section 214 of this act, and by all junior taxing districts imposing taxes on such property shall be reduced or eliminated as follows to bring the consolidated levy of taxes on such property within the provisions of these limitations:

(a) First, the levy of a county under section 210 of this act or of a city under section 214 of this act shall be reduced or eliminated;

(b) Second, if the consolidated tax levy rate still exceeds these limitations, the certified property tax levy rates of those junior taxing districts authorized under RCW 36.68.525, 36.69.145, and 67.38.130 shall be reduced on a pro rata basis or eliminated;

((+b)-Second)) (c) Third, if the consolidated tax levy rate still exceeds these limitations, the certified property tax levy rates of flood control zone districts shall be reduced on a pro rata basis or eliminated;

5 public hospital districts, shall be reduced on a pro rata basis or
6 eliminated;

7 ~~((d) Fourth))~~ (e) Fifth, if the consolidated tax levy rate still
8 exceeds these limitations, the certified property tax levy rates
9 authorized to fire protection districts under RCW 52.16.140 and
10 52.16.160 shall be reduced on a pro rata basis or eliminated; and

11 ~~((e) Fifth))~~ (f) Sixth, if the consolidated tax levy rate still
12 exceeds these limitations, the certified property tax levy rates
13 authorized for fire protection districts under RCW 52.16.130, library
14 districts, metropolitan park districts under their first fifty cent per
15 thousand dollars of assessed valuation levy, and public hospital
16 districts under their first fifty cent per thousand dollars of assessed
17 valuation levy, shall be reduced on a pro rata basis or eliminated.

18 In determining whether the aggregate rate of tax levy on any
19 property, that is subject to the limitations set forth in RCW
20 84.52.050, exceeds the limitations provided in that section, the
21 assessor shall use the hypothetical state levy, as apportioned to the
22 county under RCW 84.48.080, that was computed under RCW 84.48.080
23 without regard to the reduction under RCW 84.55.012.

24 NEW SECTION. Sec. 219. A new section is added to chapter 82.14
25 RCW to read as follows:

26 (1) Upon the joint request of a metropolitan park district, or a
27 city or cities within a county, and a county legislative authority, the
28 county shall submit an authorizing proposition to the county voters,
29 fixing and imposing a sales and use tax in accordance with this chapter
30 for the purposes designated in subsection (4) of this section and
31 identified in the joint request. Such proposition must be placed on a
32 ballot for a special or general election to be held no later than one
33 year after the date of the joint request.

34 (2) The proposition is approved if it receives the votes of a
35 majority of those voting on the proposition.

36 (3) The tax authorized in this section is in addition to any other
37 taxes authorized by law and shall be collected from those persons who
38 are taxable by the state under chapters 82.08 and 82.12 RCW upon the

1 occurrence of any taxable event within the county. The rate of tax
2 shall equal no more than one-tenth of one percent of the selling price
3 in the case of a sales tax, or value of the article used, in the case
4 of a use tax.

5 (4) Moneys received from any tax imposed under this section shall
6 be used solely for the purpose of providing funds for:

7 (a) Costs associated with financing, design, acquisition,
8 construction, equipping, operating, maintaining, remodeling, repairing,
9 reequipping, or improvement of zoo, aquarium, and wildlife preservation
10 and display facilities that are currently accredited by the American
11 zoo and aquarium association or that have been accredited within three
12 years prior to the submission of the proposition to the people and the
13 costs are necessary to regain accreditation; and

14 (b) Costs related to parks located within a county described in
15 subsection (1) of this section.

23 authorized in subsection (4)(a) of this section;

24 (b) The county and any metropolitan park district or city within
25 the county operating regional facilities; and

29 determined by the office of financial management, solely for parks and
30 recreation as follows: To any metropolitan park district, to cities
31 and towns not contained within a metropolitan park district, and the
32 remainder to the county.

33 (7) Moneys received under this section may not be used to replace
34 or supplant existing funding.

35 (8) Funds shall be distributed monthly as received by the county
36 treasurer to the county, and any metropolitan park district, cities,
37 and towns located within the county, in the manner set out as provided
38 in subsection (6) of this section.

1 NEW SECTION. **Sec. 220.** A new section is added to chapter 35.61
2 RCW to read as follows:

3 The people find that the proration of property tax levies has
4 prevented metropolitan park districts from receiving the level of
5 financial support authorized by the voters. A metropolitan park
6 district that is levying a regular annual property tax assessment of no
7 more than fifty cents per thousand of assessed valuation is authorized
8 to submit to the voters of the district, at a regular or special
9 election called for that purpose, a proposition authorizing the
10 metropolitan park district to levy, in lieu of a regular annual
11 property tax assessment exceeding fifty cents per thousand of assessed
12 valuation, a sales and use tax in the amount of one-tenth percent, as
13 provided for in section 221 of this act.

14 NEW SECTION. **Sec. 221.** A new section is added to chapter 82.14
15 RCW to read as follows:

16 The governing body of any metropolitan park district may, in
17 accordance with section 220 of this act, levy a sales and use tax in
18 accordance with the terms of this chapter. The tax shall be collected
19 from those persons who are taxable by the state pursuant to chapters
20 82.08 and 82.12 RCW, upon the occurrence of any taxable event within
21 the metropolitan park district as the case may be. The rate of the tax
22 imposed by a metropolitan park district shall be one-tenth of one
23 percent of the selling price, in the case of a sales tax, or value of
24 the article used, in the case of a use tax.

25 NEW SECTION. **Sec. 222.** A new section is added to chapter 82.14
26 RCW to read as follows:

27 (1) Any county ordinance adopted under section 213 of this act
28 shall contain, in addition to all other provisions required to conform
29 to this chapter, a provision allowing a credit against the county tax
30 imposed under section 211 of this act for the full amount of any city
31 sales or use tax imposed under section 215 of this act upon the same
32 taxable event.

33 (2) A city wholly contained within a metropolitan park district,
34 and a county containing a metropolitan park district, may provide that
35 any sales and use tax imposed by a metropolitan park district under
36 sections 220 and 221 of this act be credited against the city and
37 county taxes imposed under RCW 82.14.030(2).

1 **Sec. 223.** RCW 82.14.050 and 1999 c 165 s 14 are each amended to
2 read as follows:

3 The counties, cities, and transportation authorities under RCW
4 82.14.045, metropolitan park districts under sections 220 and 221 of
5 this act, and public facilities districts under chapter 36.100 and
6 35.57 RCW shall contract, prior to the effective date of a resolution
7 or ordinance imposing a sales and use tax, the administration and
8 collection to the state department of revenue, which shall deduct a
9 percentage amount, as provided by contract, not to exceed two percent
10 of the taxes collected for administration and collection expenses
11 incurred by the department. The remainder of any portion of any tax
12 authorized by this chapter which is collected by the department of
13 revenue shall be deposited by the state department of revenue in the
14 local sales and use tax account hereby created in the state treasury.
15 Moneys in the local sales and use tax account may be spent only for
16 distribution to counties, cities, transportation authorities,
17 metropolitan park districts, and public facilities districts imposing
18 a sales and use tax. All administrative provisions in chapters 82.03,
19 82.08, 82.12, and 82.32 RCW, as they now exist or may hereafter be
20 amended, shall, insofar as they are applicable to state sales and use
21 taxes, be applicable to taxes imposed pursuant to this chapter. Except
22 as provided in RCW 43.08.190, all earnings of investments of balances
23 in the local sales and use tax account shall be credited to the local
24 sales and use tax account and distributed to the counties, cities,
25 transportation authorities, metropolitan park districts, and public
26 facilities districts monthly.

27 **Sec. 224.** RCW 82.14.060 and 1991 c 207 s 3 are each amended to
28 read as follows:

29 Monthly the state treasurer shall make distribution from the local
30 sales and use tax account to the counties, cities, transportation
31 authorities, metropolitan park districts, and public facilities
32 districts the amount of tax collected on behalf of each taxing
33 authority, less the deduction provided for in RCW 82.14.050. The state
34 treasurer shall make the distribution under this section without
35 appropriation.

36 In the event that any ordinance or resolution imposes a sales and
37 use tax at a rate in excess of the applicable limits contained herein,
38 such ordinance or resolution shall not be considered void in toto, but

1 only with respect to that portion of the rate which is in excess of the
2 applicable limits contained herein.

3 **Sec. 225.** RCW 43.135.055 and 1997 c 303 s 2 are each amended to
4 read as follows:

5 (1) No fee may increase in any fiscal year by a percentage in
6 excess of the fiscal growth factor for that fiscal year without prior
7 legislative approval.

8 (2) This section does not apply to: (a) An assessment made by an
9 agricultural commodity commission or board created by state statute or
10 created under a marketing agreement or order under chapter 15.65 or
11 15.66 RCW if the assessment is approved by referendum in accordance
12 with the provisions of the statutes creating the commission or board or
13 chapter 15.65 or 15.66 RCW for approving such assessments; (b) market-
14 based fees for goods or services, or fees for recreational programs,

17 or (c) market-based fees for recreational goods or services, or fees
18 for recreational programs, provided by the department of natural
19 resources, the department of fish and wildlife, the interagency
20 committee for outdoor recreation, a metropolitan park district, a city,
21 a county, or a park and recreation district.

22 **PART THREE**

23 **PERPETUATING PUBLIC PARKS AND RECREATION**

24 NEW SECTION. **Sec. 301.** The people find that a large portion of
25 the state's public park and recreation facilities, both at the state
26 and local levels, were developed many decades ago and are in dire need
27 of renovation, relocation, restoration, or replacement. In addition,
28 the people find that there is a growing need for expansion of the
29 public park and recreation facilities to meet the needs of a growing
30 population. The people find that state and local governments have been
31 unable to provide for necessary capital investment in parks and
32 recreation, both for new development to meet the needs of an expanding
33 population, and for capital renovation to update, repair, rebuild, or
34 replace existing park and recreation facilities as they age. It is the
35 intent of the people to provide for a comprehensive study of the public
36 park and recreation capital needs of the state of Washington, at the

1 state, regional, and local levels, and to provide guidance to the
2 legislature for its development of a plan to meet those needs on an
3 ongoing basis, including long-term commitment of additional state
4 resources.

5 NEW SECTION. **Sec. 302.** A new section is added to chapter 79A.25
6 RCW to read as follows:

7 The committee is to conduct a series of studies to assist the
8 legislature in determining the full extent of public parks and
9 recreation needs. The legislature is to provide, by appropriation from
10 the parks and recreation enhancement account, sufficient funds for the
11 committee to perform the following studies by the indicated dates:

12 (1) By December 1, 2002, the committee shall complete a survey and
13 report to the legislature regarding state park and recreation
14 facilities, and local park and recreation facilities of regional
15 significance, which are within a decade of the end of their useful
16 economic and functional life without significant capital investment.

17 (2) By June 30, 2004, the committee shall complete a survey and
18 report to the legislature regarding the complete state of public park
19 and recreation facilities, both state and local, then existing within
20 the state. The report shall note the type of public park or recreation
21 facility, the estimated remaining useful economic and functional life,
22 the need for future significant capital investment in the park or
23 facility, and which public entity is primarily responsible under
24 current law for maintaining the park or facility.

25 (3) On a staggered basis, to be completed no later than June 30,
26 2010, the committee shall survey and report to the legislature on
27 recreational needs and opportunities in:

28 (a) The west slope Cascade foothills and adjoining areas;

29 (b) The salt and fresh water bodies, rivers, and streams of the
30 state, and adjacent shorelines and upland areas;

31 (c) The east slope Cascade foothills and regions of north central
32 and northeastern Washington;

33 (d) The Columbia Basin, Columbia and Snake river valleys, and
34 regions of south central and southeastern Washington;

35 (e) The Columbia River Gorge and southwest Washington;

36 (f) The Pacific coast, Olympic Peninsula, west Puget Sound and Hood
37 Canal regions; and

38 (g) The urban and suburban centers of the state.

NEW SECTION. **Sec. 303.** The legislature may create a joint committee on public parks and recreation to coordinate with the interagency committee for outdoor recreation and other entities in order to further the purposes of this act. The costs of the joint committee may be paid by appropriation from the public parks and recreation enhancement account.

NEW SECTION. **Sec. 304.** The legislature shall, upon receiving the reports from the committee provided for in section 302 of this act, prepare and adopt plans for meeting the needs identified in the reports. The legislature shall determine by law a method for integrating these needs into the capital plans of the state, shall periodically review how the state is meeting the identified need and shall, no later than the 2011 regular legislative session, prepare, and if necessary submit to the people for their approval or rejection at the regular general election in November 2011, a plan for proceeding with meeting the public park and recreation needs of the state for the ensuing decade.

PART FOUR

PROTECTING PUBLIC PARKS AND RECREATION

NEW SECTION. **Sec. 401.** The people find that the growing complexity of our society has thrust upon public park and recreation agencies, at both the state and local levels of government, new responsibilities that must be safely carried out by park and recreation staff historically not trained, equipped, or expected to carry out these responsibilities. It is the intent of the people to maintain parks and recreation as a leisure activity safe for families and individuals, and provide for the safety of park and recreation staff and the public using park and recreation facilities, through the proper training, equipping, empowerment, and recognition of the new duties and roles of park and recreation staff at both the state and local levels, combined with suitable and necessary adjustments in compensation, benefits, and status for public park and recreation employees.

NEW SECTION. **Sec. 402.** In allocating resources for public parks and recreation, the legislature shall take notice of those staffing, equipment, training, compensation, and benefit needs necessary to

1 secure public safety and professional park and recreation staff. The
2 legislature shall, with the assistance of the state parks and
3 recreation commission, other appropriate state and local agencies, and
4 professional and labor organizations representing public park and
5 recreation staff, develop a plan for meeting these public and employee
6 safety needs no later than June 30, 2005.

7 NEW SECTION. **Sec. 403.** A new section is added to chapter 41.26
8 RCW to read as follows:

9 (1) In addition to the definition of "employer" for plan 2 members
10 in RCW 41.26.030, the following entities, to the extent that the entity
11 employs any law enforcement officer, shall be considered an "employer"
12 for plan 2 members for the purposes of this chapter:

13 (a) The state parks and recreation commission; and

14 (b) A metropolitan park district.

15 (2) In addition to the definition of "law enforcement officer" in
16 RCW 41.26.030, a person commissioned and employed as a state parks and
17 recreation commission law enforcement officer or commissioned and
18 employed by a county, city, or metropolitan park district as a park
19 police officer shall be considered a "law enforcement officer" for the
20 purposes of this chapter.

21 (3) The inclusion of the state parks and recreation commission as
22 a limited authority law enforcement agency in RCW 41.26.030(32) shall
23 not preclude the inclusion in plan 2 of any law enforcement officer as
24 defined in this section and employed by the state parks and recreation
25 commission.

26 NEW SECTION. **Sec. 404.** A new section is added to chapter 41.40
27 RCW to read as follows:

28 (1) An employee who was a member on or before January 1, 2002, and,
29 on January 1, 2002, is employed by the state parks and recreation
30 commission as a law enforcement officer, as defined in section 403 of
31 this act, has the following options:

32 (a) The employee may remain a member of the retirement system,
33 notwithstanding the definition of law enforcement officer under section
34 403 of this act; or

35 (b) The member may make an irrevocable choice, filed in writing
36 with the department no later than January 1, 2003, to transfer to the
37 law enforcement officers' and fire fighters' retirement system plan 2

1 as defined in RCW 41.26.030. An employee transferring membership under
2 this subsection (1)(b) shall be a dual member as provided in RCW
3 41.54.010.

4 (2)(a) If the department determines that transfers of service
5 credit and accumulated contributions between the state's retirement
6 systems are permitted by federal law without the employee or the
7 retirement system fund incurring adverse income tax liability as a
8 result of the transfer, an employee who transferred membership under
9 subsection (1)(b) of this section may choose to transfer service credit
10 as a law enforcement officer previously earned under the retirement
11 system, to the law enforcement officers' and fire fighters' retirement
12 system plan 2, by making an irrevocable choice filed in writing with
13 the department within one year of the department's announcement of the
14 ability to make such a transfer.

15 (b) Any law enforcement officer choosing to transfer under this
16 subsection shall have transferred from the retirement system to the law
17 enforcement officers' and fire fighters' retirement system plan 2: (i)
18 All the employee's applicable accumulated contributions and employer
19 contributions attributed to such employee; and (ii) all applicable
20 months of service, as defined in RCW 41.26.030(14)(b), credited to the
21 employee under this chapter, as though such service was rendered as a
22 member of the law enforcement officers' and fire fighters' retirement
23 system.

24 (c) For the applicable period of service, the employee shall pay
25 the difference between the contributions the employee paid to the
26 retirement system, and the contributions that would have been paid by
27 the employee had the employee been a member of the law enforcement
28 officers' and fire fighters' retirement system, plus interest as
29 determined by the director.

30 (d) For the applicable period of service, the employer shall pay
31 the difference between the employer contributions paid to the
32 retirement system, and the combined employer and state contributions
33 which would have been payable to the law enforcement officers' and fire
34 fighters' retirement system, plus interest as determined by the
35 director. The amount of interest determined by the director to be paid
36 by the employer shall be sufficient to ensure that the contribution
37 level of current members of the law enforcement officers' and fire
38 fighters' retirement system will not increase due to this transfer.
39 For the purpose of this subsection (2)(d), the state contribution shall

1 not include the contribution related to the amortization of the costs
2 of the law enforcement officers' and fire fighters' retirement system
3 plan 1 as required by chapter 41.45 RCW.

4 (e) An individual who transfers service credit and contributions
5 under this subsection shall be permanently excluded from the retirement
6 system for all service as a law enforcement officer.

13 part of the law.

14 NEW SECTION. **Sec. 503.** If any provision of this act or its
15 application to any person or circumstance is held invalid, the
16 remainder of the act or the application of the provision to other
17 persons or circumstances is not affected.
